Re: **Chemical Recovery Systems, Inc., 142 Locust Street, Elyria,
Ohio 44035**

Dear Ms. Shephard-Johnson:

The purpose of this letter is to respond to the U.S. EPA's June 26, 2001 letter requesting potentially responsible parties ("PRP") to indicate their willingness to participate in future negotiations concerning the above referenced site ("Site"). Dorn Color Inc. ("Dorn") will participate in future negotiations assuming its internal review identifies an appropriate connection to the site. Dorn presumes that the scope of future negotiations will take into account the relative size of the company, and the volume of material delivered to the Site, if any, that is attributable to Dorn.

This letter is not an admission of liability, nor is it an admission that Dorn is responsible for shipping any materials to the site. Dorn expressly reserves all legal rights in relation to its involvement, if any, with the above referenced site. In the meantime, if you have any questions, please feel free to contact me at the direct dial number listed above.

Very truly yours,

A handwritten signature in black ink, appearing to read "Jason P. Perdion".
